

# INSTALLING CAE MAESTRO STANDALONE FOR WINDOWS

This guide describes how to install CAE Maestro standalone software on any personal computer with Windows 10. The software can be downloaded to any Windows computer with an Internet connection.

**Note:** To install updates for the Instructor Workstation, see the *Installing Maestro Updates* guide on the CAE Healthcare website. For Apollo and Athena, see the corresponding *CAE Maestro Software Conversion* guide.

Installation Steps	
1	Download and Install CAE Maestro Standalone
2	Activate the Software License and Launch CAE Maestro Standalone

## Step 1: Download and Install CAE Maestro Standalone

- Maestro Standalone requires an administrator account. Please ensure you are logged into a computer administrator account before continuing with installation.
- If not already done, navigate to the the Software Updates website (<https://caehealthcare.com/support/software-updates/>) and follow the prompts to download the **Maestro Standalone Version x.x**.
- In Windows Explorer, navigate to where you downloaded the file.
- Double-click the **cae-maestro-standalone-win-x.x.x.x.exe** file and follow the prompts to complete the installation.

**Note:** Installation can take up to 30 minutes.

- e. The User Account Control box may appear. Enter the admin password if prompted and click **Yes**.

- j. Click **Finish** to complete the installation.
- k. Once installed, restart the computer.

## Step 2: Activate the Software License and Launch CAE Maestro Standalone

Each patient simulator includes one free license for CAE Maestro Standalone. You must activate the software license either online or by calling CAE Customer Service before the update takes effect.

Prior to activating the software license in Maestro, you must locate the license key included in the simulator documentation or provided by CAE via email.

**Note:** If you cannot access our server via Internet, the computer will generate a 25-character Simulator Number to be used when contacting Customer Service.

To launch the Maestro Standalone software:

- a. From the desktop, click on the new **CAE Maestro Standalone** shortcut icon to open the new version of CAE Maestro Standalone.

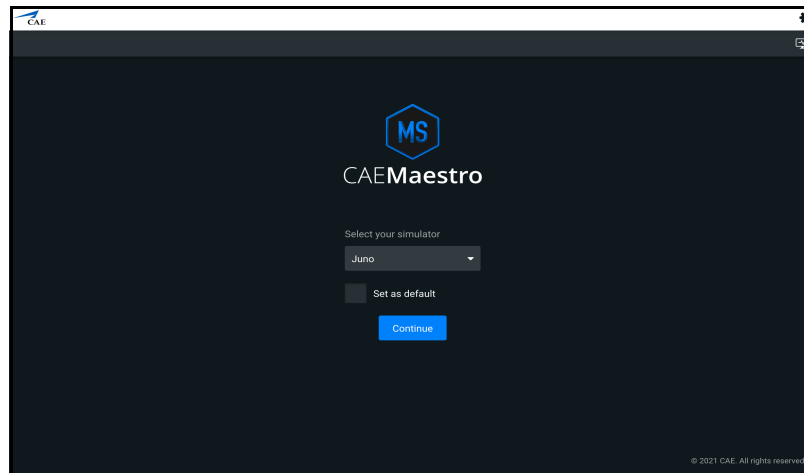

**CAE Maestro Standalone Shortcut Icon**

- b. A window titled "Windows Security Alert" may appear saying, "Windows Defenders Firewall has blocked some features of this app." Place a checkmark beside private and public networks, then click **Allow access**.

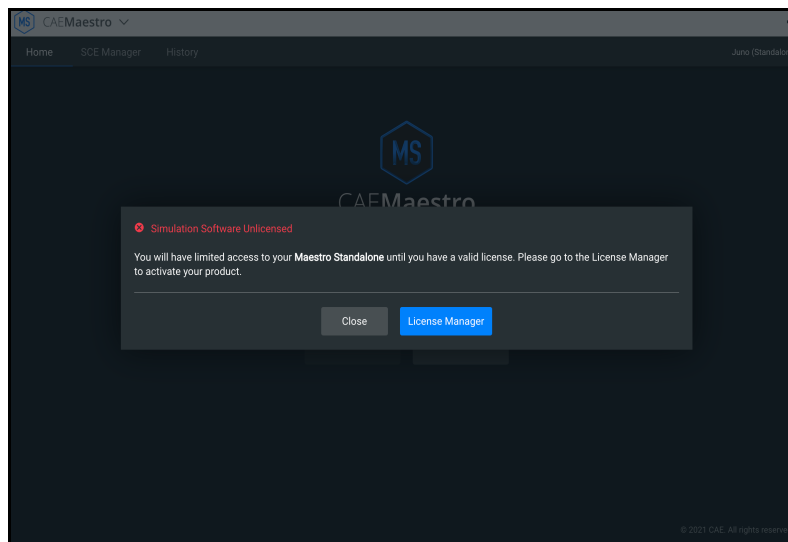

**Windows Security Alert**

- c. Select the simulator window and click **Continue**.

***Maestro Simulator Selection Screen***

The Simulator Software Unlicensed message appears.
